

RESCUE TAPE®

Stretch, Wrap, & GET RESCUED!™
700psi! ~ 8,000 Volts! ~ 500F Degrees!

Rescue Tape® is a self-fusing silicone repair product with infinite uses. Used by the US Military for years, this is the most versatile and easy to use emergency and all-purpose repair product available. By just stretching Rescue Tape® and wrapping around any project onto itself, Rescue Tape® will create a permanent air-tight, water-tight seal . . . in just minutes or even seconds! You can repair leaks on plumbing and hoses in a flash, use it for electrical wiring or as shrink-wrap, wrap tool handles, and much, much more.

The uses are limited only by your imagination.

RESCUE TAPE® . . . THE ULTIMATE MULTI-PURPOSE REPAIR TAPE!

Rescue Tape . . .

- Is Self-Fusing!
- Incredible 700 PSI Tensile Strength!
- Insulates 8,000 Volts per layer!
- Withstands 500° F of heat! (260° C) ~ Remains flexible to -85° F! (-60° C)
- Creates a *Permanent* Air-Tight, Water-Tight Seal in seconds!
- Never gets gummy or sticky like electrical or duct tape - No messy cleanup!
- Has an unbelievably long shelf life!
- Is extremely versatile!
- Resists Fuels, Oils, Acids, Solvents, Salt Water, Road Salt, UV Rays

Rescue Tape has infinite uses! Here are just a few suggestions:

- Keep it on board trucks & equipment for emergency hose repair
- Seal leaky hoses, pipes, tubing & fittings
- Neaten up lines and extension cords in stowage
- Whip the ends of ropes
- Wrap tools and handles for a GREAT non-slip grip
- Wrap wiring harnesses and custom split-loomings
- Waterproof electrical connections and terminals
- Use it as an emergency fan belt or O-Rings!
- Wrap hydraulic fittings and other exposed metal connections to help prevent corrosion
- Works even over wet, dirty, or oily surfaces!
- Keep a roll of Rescue Tape in all of your trucks, cars, boats or RVs for emergencies!
- Wrap it around *ANYTHING* that you want secure or repair, and it will never leave any sticky residue!

Get Rescued in TWO sizes:

- Standard sized rolls of 1" X .020" (20mil) X 12'
- Industrial sized rolls of 2" X .030" (30mil) X 36'

Characteristics of Rescue Tape

Property	Test Method	Performance
Operating temperature range		-65 ⁰ C to 260 ⁰ C
Continuous temperature range		-60 ⁰ C to 200 ⁰ C
Cold Brittle Point		-65 ⁰ C
Hardness Shore A	ASTM D2148	50
Tensile Strength, Min.	ASTM D119	700 psi
Elongation, Min.	ASTM D119	300%
Tear Strength, Min.	ASTM D624, Die B	85 ppi
Bond Strength, Min.	MIL-I-46852	2 lbs
Cold Brittle Point, Max.	ASTM D746	-65 ⁰ C
Water Absorbtion, Max.	MIL-I-46852	3% By Weight
Dielectric Strength, Min.	MIL-I-46852	400 v/mil (8,000 Volts/20mil)

Standard Colors Available in 1" X 12' X .020" (20 mil) Rolls:

Black, Red, Clear, White, Blue, Green, Yellow, Orange

Custom Colors Also Available: Iron Oxide Red, Gray

Industrial 2" X 36' X .030" (20 mil) Rolls: Black, Clear and White in stock, all others may be special order.

Custom orders available in triangular or rectangular cross section, with thicknesses available from .010" (10 mil) to .080" (80 mil), widths from ½" to 2", and lengths from 12' to 48'.

Rescue Tape is extruded of high performance silicone. It is self-adhering and self-fusing, and cures at room temperature. Its high thermal conductivity allows rapid heat dissipation, resulting in lower temperature rise.

Rescue Tape is suitable for use wherever a tough, high temperature (to 260⁰ C), permanently resilient insulation or seal is required. Properly installed, Rescue Tape provides a moisture-free permanent seal around hoses, tubes and wire harness bundles, offering low cost solutions to common problems in extreme environments.

**Rescue Tape is manufactured to Military Spec: CID A-A-59163
(which supercedes MIL-I-46862 Rev. C 02-98)**
